

KABIR MANIAR

Mumbai, Maharashtra | kabironline64@gmail.com

OBJECTIVE

Crafting innovative software solutions that exceed client expectations by leveraging my technical expertise, creative problem-solving skills, and passion for staying ahead of the curve in emerging trends and technologies. Although I may lack some skills, I can assure you I am a very fast learner and will try to deliver my best even it means it going to leaps.

EXPERIENCE

Software Engineer

Maniar Technologies Pvt. Ltd.

Aug 2021 - Present

Developed innovative enterprise software solutions through collaboration with cross-functional teams, leveraging technical expertise to drive business results.

SKILLS AND COMPETENCIES DOCUMENT

X Functions

X, a Golang function library with hundreds of reusable functions, powering a Business Rule Engine for seamless automation. This project showcases my expertise in Go and scalable code design.

GoTime

Designed on the top of Golang's built-in time package, instead of reinventing the wheel **GoTime** uses internal time package to provide additional day-to-day functionalities that are practical for real-world applications.

E.E.W.A – Expression Evaluation with Web Assembly | Work in Progress

Built an interpreter for a Domain Specific Language (DSL) as a learning project, exploring topics like lexical analysis, parsing, and code generation. This endeavor deepened my understanding of DSL development and its applications.

Audify

Built **Audify**, a music streaming app, using Vue, Flask, and SQLite3. This **award-winning** project showcases my ability to rapidly learn and adapt, creating high-quality results with no prior experience in these technologies.

Multiple Proof of Concepts for AI based Projects.

Built multiple proof-of-concepts for AI-based projects, including RAGs, Agentic Workflows and Advanced Prompt Engineering. Demonstrated expertise in designing innovative AI solutions that drive business value.

And many more on my <https://github.com/kabironline>

EDUCATION

BSc in Data Science and Application

IIT Madaras | Chennai, Tamil Nadu

(2022 – 2027)

8 CGPA, Audify – selected as one of the best projects for the subject Modern Application Development - 1

Diploma in Computer Engineering

Thakur Polytechnic | Mumbai, Maharashtra

(2019 – 2022)

Completed Diploma with First Class Distinction.

SKILLS

Golang | JavaScript | Flutter | Python | HTML & CSS | Flask | Vue | Firebase | OOPs | JAVA | SQL | Fast Learner | Highly Adaptable | Logical Analysis and Problem Solving | English Fluency
